

# Find yourself juggling a lot of projects?

## **Project Favorites Premium** will help you keep your focus.

**Instant Email Notification:** With **Project Favorites Premium** all projects on your list of favorites gets instant notification by email of any changes that affect that project. New addenda, bid date extension; doesn't matter the change, you're instantly alerted as the changes are posted online. You may never need to call the plan center, again.

**Project Notes:** This is another great feature of **Project Favorites Premium**. Did you ever just want to leave a note on a project for someone to read to pass your thoughts on. Wouldn't it be convenient if you could do it right there on the project, not requiring a special email, or a round of phone tag. Well, now you can, Project Notes; changing the way you communicate.

Contact the sales department to discuss upgrading your membership with Project Favorites Premium
